GOLD STANDARD AUTOMOTIVE NETWORK

Better Coverage.
Better Value.

Gold Standard's GAP Protection Program Can Cover the Difference.

Without GAP Protection...

YOU may have to pay for your vehicle after a total loss.

Millions of vehicles are totaled each year by collision, theft, and natural disasters. Unfortunately, many customers are surprised to learn that their auto insurance settlement is thousands of dollars less than what they still owe on their loan or lease. Why?

The market value of your vehicle starts to depreciate the moment you take possession, and for the first few years of ownership is likely to continue to depreciate faster than the balance of your loan or lease.

Money Out of YOUR Pocket

If a total loss happens, you will still be held responsible for the difference between the insurance settlement and your remaining loan or lease balance, in addition to your deductible.

Protect Your Investment

For a very affordable cost, you can protect yourself against a potential financial burden, and safeguard your hard earned credit.

Just ask your dealer, lender or lessor about purchasing a GAP addendum.

GAP Protection is a simple concept. It is an agreement between you and your lender or leasing company to waive the difference between your outstanding loan or lease balance and the actual cash value of your vehicle on the date of loss (typically your primary insurance settlement.)

ADR (Auto Deductible Reimbursement)

What happens if you're in an accident and your vehicle is not totaled? You have to pay the deductible when your vehicle is repaired.
