

## Transparency Guarantee

At Pigg Enterprises, Inc., we pride ourselves on the lengths we go to ensure our customers have a hassle-free, no surprises vehicle buying experience! Additionally, we are committed to providing transparency throughout the buying process. Here are some things that set us apart in the industry:

### What we **DO**:

- Provide a Carfax history report for every vehicle.
- Provide a 3 month/3000 mile warranty with every vehicle at no additional cost to the customer.
- Publish consistent and transparent pricing online and in every vehicle.
- Secure all customer information in keeping with FTC Safeguard guidelines.
- Provide regular employee training to maintain a security and customer service mindset.

### What we do NOT do:

- Advertise a lower price to get people to the office and then raise it upon arrival.
- Add non-optional junk fees like Nitrogen in Tires, Window Etching, Theft Deterrent, or Paint Protection.
- Add surprise fees at the closing table like buyer fees, draft fees, or miscellaneous fees.
- Or anything else that provides no benefit to our customers.
- Submit our customers to high pressure selling tactics.

At Pigg Enterprises, Inc., we proudly have one of the lowest documentation fees in the industry at \$489, and the title fee is \$16.50. Other than applicable sales taxes, that is all that is added to the purchase price!

Additionally, the following products/services are available:

1. Extended Warranties - \$500 - \$9900
2. Gap Insurance - \$699
3. Tire & Wheel - \$599 - \$899
