

SPRINTER 170 EXT.HR/HR (EXTENDED HIGHRISE) | WB 170" • OAL - 22'19" (HIGHRISE) | WB 170" • OAL - 24'

DESCRIBE YOUR NEEDS HERE:

CONVERSION LENGTH

← 180 ← 165

← START TALL CABINETS
← START SHORT CABINETS

Beds in rear can have 5" of additional usable sleeping length

BASIC STEPS:

1. Download/print out this document.
2. Use the lines provided to describe your needs. Consider seating, storage, sleeping arrangements, primary usage of the space, and adequate space for maneuverability. Review INTORG's inventory for ideas.
3. Draw your desired floor plan within the sprinter. Use the white space to provide additional notes as necessary.*
4. Scan or take a photo of the document and submit to INTORG using the "Attach File" option in our Custom Vehicles Services tab, or email to intorg.com@gmail.com.

**We will provide our recommendations for the placement of Electrical Outlets, Lights, etc. once we receive your preliminary layout.*
